1	3.45%	Alumni child hoopla
1	3.45%	anti-bullying programs for althetic department & Jocks
1	3.45%	Better faculty advisers
1	3.45%	Better intervention with underage students who hvse serious drinking problems. Many nights my daughter has helped home the same 2 guys who were so drunk they could not stand. Once she stayed with one if them to make sure he did not stop breathing. She would not tell anyone for fear he would be dropped from a varsity team. There must be some anonymous way of letting parents know their child is in real danger.

1	3.45%	<input type="text"/>	This is our students' education and experience, we do not feel the need to be involved more than family weekend and graduation celebrations.
1	3.45%	<input type="text"/>	Transfer student activities
1	3.45%	<input type="text"/>	Ways to provide positive and/or suggestions on how to make the student processes more efficient. For example, students applying to be an RA should be told yes or no prior to the housing deadline. It doesn't make sense to make them sign-up with a roommate only to change it a few months later, leaving the roommate to find other accommodations.

1	0.97%	<input type="text"/>	More specialized activities during holidays that students are still on campus Easter/ Patriots Day/MLK Day/ And more student input/ short questionnaires more surveys with publicized results Fun academic questions posted around campus/ winner gets small prizes shirts gift certificate Fun facts about our rich history/ heros and heroines not well known to bring us all closer together Random students name pulled for to be a special guest at a special presentation or a seat at an important meeting or discussion Thanks for asking! Love ?? UNC Massachusetts Mom!
1	0.97%	<input type="text"/>	More whole family service opportunities
1	0.97%	<input type="text"/>	Most students are adults and should be self sufficient with little need for organized family events. I am fine self-organizing family gatherings with my student. Perhaps distant families or those with special needs should be where you should focus your efforts. All I really want is to be informed of major or emergency events and to feel welcome with family events for graduation.
1	0.97%	<input type="text"/>	My kid is still in high school; he's coming to UNC in the fall with the Class of 2021' we've not yet attended orientation
1	0.97%	<input type="text"/>	My student withdrew his past semester (during the spring semester of his senior year). It was very difficult for me. I think he is in the process of registering for the fall semester to finish up. But, the cheery continued contact from UNC that did not register our families situation was unbearable.

1	0.97%	<input type="text"/>	Pretty involved already!
1	0.97%	<input type="text"/>	Provide career counseling to students
1	0.97%	<input type="text"/>	Receive the e-newsletter and attend events as I am able.
2	1.94%	<input type="text"/>	Service opportunities
1	0.97%	<input type="text"/>	Service opportunities.
1	0.97%	<input type="text"/>	Staying connected especially with out of state families
1	0.97%	<input type="text"/>	The emails that come from your office use an acronym and appear like spam. There is nothing to identify its UNC related much less something for a student's parent. Also, as Party host the directions from UNC were sporadic and changed after scheduling was complete. Although we (my family) enjoyed getting to know new students and their families, the interaction with UNC was not positive. The lady representing the university was kind, but ineffective interacting with students and parents. Parents wanted to share their contact information with each other and nothing could be provided due to her taking all information back to the university. There have been no further invites with the local alumni group because they also have not had contact information shared. From my perspective, this

			would be the perfect time to have a representative who excels in networking and relationship building. Maybe less time on surveying and more time on people.
1	0.97%	<input type="checkbox"/>	This is my son's time to grow. Not sure he (or I) wants 'family time' at UNC. Family time is for back home.
1	0.97%	<input type="checkbox"/>	UNC is about 400 miles from our home so there's not much chance we'd get more involved as family members. We visited our son in late September for a football weekend - it may have been Parents' Weekend - and we'll be visiting again this fall for a football weekend.
1	0.97%	<input type="checkbox"/>	visit more often
1	0.97%	<input type="checkbox"/>	Volunteer at activities.
1	0.97%	<input type="checkbox"/>	Volunteer board/committee work
1	0.97%	<input type="checkbox"/>	Volunteering time
1	0.97%	<input type="checkbox"/>	We are an out of state family so maybe a get together with other parents from Atlanta
1	0.97%	<input type="checkbox"/>	We are at about the right level of involvement for us.
1	0.97%	<input type="checkbox"/>	We are involved in the Parent Association.
1	0.97%	<input type="checkbox"/>	We current cannot get more involved as a family.
1	0.97%	<input type="checkbox"/>	We enjoy affordable cultural activities on campus. Would like to have all that is offered in one place online.
1	0.97%	<input type="checkbox"/>	We live out of state, but would love to host other out of state families if there is a need.
1	0.97%	<input type="checkbox"/>	We struggle with finances. Make to much for finical aid but just getting by. Would love to have some free activities!
1	0.97%	<input type="checkbox"/>	We try to stay involved as much as possible
1	0.97%	<input type="checkbox"/>	We would like to have an out of state group for parents to get to know others and share ideas for out of state students
1	0.97%	<input type="checkbox"/>	We would like to know about new construction or building changes, oportunityes for families to get involved.
1	0.97%	<input type="checkbox"/>	With our second child beginning at Carolina in the fall (UNC21) we are always looking for ways to connect to the campus and learn more about what is happening there. Service opportunities would be a great way to meet other families.

The difference is big, State manages to make a big school seem small through clear communications with parents. They also have a Honors and Scholars program that actually has some meaningful traits and activity (versus UNC where students apparently view it as simply a way to a better dorm choice). As a parent, I've been very impressed with State's organization and their care and emphasis towards undergraduates, this includes the attention that the assigned

1	0.55%	<input type="checkbox"/>	I had. It concerns or issues with the communication and dissemination of information from UNC with my first child that graduated in 2016. My second child deferred her freshman year last year to do Global Gap with UNC which has been a wonderful opportunity. But because of her being at Global Gap we are not getting the same amount of welcoming information as we did last year for what would have been her freshman year. In addition there are a lot of details that are not worked out for Global Gap students as it relates to UNC issues not Global Gap issues. One small example would be that my Daughter received the CCI grant. I was the first Global Gap parent to call and ask if she could get her computer before leaving for Global Gap. No one knew the answer and after a week or so we were told no she had to be enrolled in classes. At some point several other parents called that also got the award and they changed the answer to yes and allowed the other students to go ahead and get their computer. I realize few people are going on Global Gap and also receive the CCI grant but I do think that UNC needs to look closely at some of the road blocks for Global Gap students and have plans in place to accommodate . Thank you

I am surprised at how lost and disconnected both of children felt. I feel there is a lack of student center education among classes, especially the large lecture hall. I think the University needs to refocus on becoming more student centered especially in these large classes. I listened to an outstanding speaker at a conference discuss how large Research 1 institutions are not connecting with their first and second year students. With all the changes in how we teach, the old school model I still see at UNC may need to change somehow. I would like to be a part of that change, if possible.
